

UNITARIAN UNIVERSALIST SMALL GROUP MINISTRY NETWORK

www.smallgroupministry.net

MEMBERS SECTION IS NOW OPEN! (June 2019)

The publication of *Celebrating Congregations* in 2010 included information from 151 congregations and started the vision of Network members sharing about their programs, successes and challenges, and trends. *The newly opened Members Section on the Network website provides opportunity for members to connect.*

The Membership Application allows you to join and renew membership to the Network online. This invites you to give information about your Small Group Ministry, such as

- When you Small Group Ministry started,
- Number of groups and participants,
- Reflections on the overall health of the program,
- Successes and challenges
- Other things that you would like to share, including ways you are using Small Group Ministry, and notation of session plans, articles and other contributions.

This comprises a 'profile' of the member that can be updated with membership renewal and as there is information you wish to share. The member profiles give a picture of common practices and trends, as well as unique and expanding used of Small Group Ministry.

Your sharing is a gift to the UU community and may you receive gifts from the sharing of others

Members sharing on the Members Section includes

- Resources that have been helpful.
- Various ways groups develop and are organized.
- Transition in the status of Small Group Ministry, such as place within the congregational structure and leadership within the congregation or Small Group Ministry.
- Starting, rejuvenating, restarting programs.
- Service activities and Small Group Ministry worship services.
- Ways Small Group Ministry is expanding and evolving.

If you are a member of the Network, become engaged with the Members Section. Each member (individual or congregational) is given an access LOGIN. If you are a member and have not received this, or have questions or things that you would like to share, contact Helen Zidowecki at office@smallgroupministry.net.

Visit the Membership sections of the Network website at <http://www.smallgroupministry.net/> to

- Join or renew membership, click on "Become a Member"
- See who are Members of the Network (Updated from the Members Section profiles)
